Open House on Proposed Changes to the Stoney Creek Regional Facility

June 19, 2018 4:00 - 8:00 PM

**Winterberry Heights Church
300 Winterberry Drive, Stoney Creek**

Can't attend in person? Participate in our Online
Open House June 19 to July 20 at
terraturestoneycreek.com

This is an opportunity for you to ...

- Learn more about and give feedback on the detailed impact assessment of the preferred **Reconfiguration & Height Increase** option
- Review and provide input on proposed impact management measures and future monitoring

Terrapure Environmental (Terrapure) is proposing to increase the capacity for residual materials at the Stoney Creek Regional Facility, located at 65 Green Mountain Road West, Stoney Creek, Ontario, under the *Environmental Assessment Act*. The preferred **Reconfiguration and Height Increase** option would increase the capacity of the Stoney Creek Regional Facility by 3.68 million m³. The preferred option was confirmed based on technical feasibility, low net environmental effects and input received from the community, review agencies and Indigenous communities.

This is the final of three Open Houses being held during the Environmental Assessment. Feedback received during this Open House will be used to refine the details for the design and operations of the proposed capacity increase. Once complete, the draft and final Environmental Assessment Report will be provided to the public and stakeholders for review.
